### KENTUCKY AGENCY FOR DR. FONTAINE'S BALM OF THOUSAND FLOWERS

For the Toilet, the Nursery, for Bathing, & many medicinal purposes. HIGHLY perfumed by its own ingredients. Recommended by the faculty of almost every Europeau city, and established under the patronage of every Physician in London and Paris, and thous nods of individuals, who make daily use of it in New York, Philadelphia, and Boston. It is the greatest laxury a lady or gentleman could wish, for the improvement of health, for comfort, and personal embellishment, and its delicate soothing sensation and the delightful softness it imparts to the complexion.

We give a few of the prominent properties of the BALM OF A THOUSAND FLOWERS, already we ished by actual experience.

isned by actual experience:

First. This Balm eradicates every deject of the complexion, and establishes in its stead beauty and health, at the time when both, by the changes of age, or freaks of nature, or disease, have been obscured and underminded, in cleanses the skin, and draws to the surface all impurities and every species or pimples and blotches; also removes tan, sunburns, sallowness and freckles, imparting to the skin its original purity and an unsurpassed freshness, condering it clear, smooth, and white ished by actual experience:

rendering it clear, smooth, and white.

Second. It promotes the growth and increase of the hair, causing it to curl in the most natural manner; it cleanses the head from dandruff, giving vigor, health, and life to the very roots of the hair.

Third. It is superior particle for shaving, being superior to all descriptions of soaps, creams, pastes, 4c. As a dentifice for cleaning the teeth it is by far the most medicinal of any compound yet discovered, preventing decay, relieving pain, ulcers, and cankers, and renders the teeth white as alabaster. For the nursery, and for bathing, for suffering infants, and for adults to promote sweethess of body, cleanliness, health end strength, and prevent disease, eruptions, dc., there is no article more suitable than this BALM. It may be used in cold warm, hard or soft water.

### FOR SALE AT THE DESK.

Coples of the Daily Paper can be procured at the desk, with or without envelopes, at 5 cents per single copy or 35 cents per dozen.

The editor of the Louisville Journal reiterates his slander that J. R. Giddings has been making speeches in Massachusetts in behalf of thing. The old reprobate has been urging the election of free-soilers. The telegraph reports the vote for the whig, the democrat, and the next page. free-soiler, which shows the three party organigations. The same authority speaks of a coalition ticket: that there was no such thing is obvious, even for the Legislature, or the whigs would not have carried it.

The Boston Post, the leading democratic paper of the State, thus treats this subject:

It is notorious that Winthrop is a coalitio candidate for Governor. It is notorious that he offers a reward of \$10 for the arrest of a runastands on the trap and subterfuge platform cheek by jowl with such abolition whigs as Orin Fowler and Zeno Scudder, who are pledged to repeal of the compromise, and Myron Lawrence, who voted last year for the free soil candidate for Congress in the 6th district, and Chicago and Rock Island railroad. . D. Bassett, the abolition whig Senstor from Barnstable. None but an abolition whig can vote for Winthrop. A vote for Winthrop is a vote for the coslition, a vote for Sewardism and agitation of the slavery question. Bear this in mind, national whigs. Recollect that Winthrop \$800. opposed the compromise, and that southern Union whigs have declared they will not go into a national convention with such a man,

The Courier insists that it never came in to the support of Orin Fowler, the whig and freesoil coasition member of Congress. It does not, however, denounce his abolition letter, which Hall. we copied the other day, for the purpose of showing up the character of the coalition by which the whigs are trying to regain power in Massachusetts. The Courier will not deny that it has forgiven Zeno Scudder, who calls the and dealers to examine their assortment. fugitive slave law "a burlesque upon the genius of our free institutions," and says he shall work always and everywhere for its repeal. Scudder and Fowler are both going to Washington as whice members of Congress.

Certainly this would be an odd way for an editor to advocate an avowed coalition ticketto treat the subject as a reproach. It is easy out here in Kentucky to scribble about a coalition of democrats and free-soilers in Massachusetts, when it is a notorious fact that the whigs of that State have done more to get up the freesoil and anti-slavery excitement than any other Orleans papers of the 3d inst. party organization anywhere in the Union .-They did this with the political power of the State in their hands, and the controlling political influence. Any national man in Massachu setts can find nothing to choose on the slavery question between whigs and free-soilers-nothing but names. If democrats in Massachusetts no worse than whig members for Congress from fare to 50 cents for cabin passage. Each boat vote of the State, and the result is, as an that State. We now repeat, that the assertion now made slander. Giddings never gave a democratic Jeffersontown, in this county, a few days since. vote, never advocated the success of the democratic party anywhere, on any occasion.

The New York Tribune of the 8th comes valuable articles from a flatboat lying to us boiling with wrath. The editor tells how upper wharf, a few nights since. faithful he has been to the whig party, how he has supported whigs for office without reference not to be longer trifled with.

The undersigned, builders and practical mechanics of the city of Louisville, have examined the work manufactured in the extensive Planeting Mill of Messis.

J. N. Breeden & Co., of this city, and with much pleasure bear testimony to the excellence of the materials used, and the work done by them. Their builders warerooms contain a very large assortment of Doors, Window Sash, and Venetian Shutters, which we have carefully examined, and do not hesitate to say that they will bear favorable comparison with any work of the kind that we have ever seen. The perfect machiners used by these gentlemen will make as good work as any done by hand.

Mr. Bennett:—We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great satisfaction in every case.

A very respectable gentleman informed us that his saughter was troubled with difficult menstruation and of the diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter to die from the same cause. HINMANSVILLE, OSWEGO CO., May, 1848.

S. F. Bennett.—Dear Sir: I purchased a short time ago a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her compaint, Erysipelas and Weakness, Falling of the Womb, etc., and it has aiready helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former, feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadint, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months, without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffied. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles he could walk out. He used in all twelve bottles during the year "49, and by October last he was perfectly restored: every vestige of fore he had used half a dozen bottles he could walk out. He used in all twelve bottles during the year '49, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

READ! READ!! READ!!! The truly wonderful and remarkable cures that have The truly wonderful and remarkable cures that have come under our immediate observation have more than convinced us that Doctor Bull is a great man, and that his Fluid Extract of Sarsaparilla is the most valuable combination of vegetable extracts that the science of chemistry has yet produced. All success to the Doctor in his new enterprise, say we —Louisville Courier.

We agree with our neighbor of the Courier, that Dr. Bull is a great man, and his Sarsaparilla a greater medicine; and we are fully convinced that the Doctor, with a Sarsaparilla will greate a far more enthysicatic expite. Sarsaparilla, will create a far more enthusiastic exent east than Barnum did with Jenny Lind. We ment east than Barnum and with Jenny Lind. We would not have our readers to understand us as classing the Doctor and his Sarsaparilla with Barnum and Jenny Lind, because a l who spend their dollar for a bottle of Bull's Sarsapavilla will get its equivalent; and we have leard it slily hinted that many, after hearing the divine high figures, and several contracts have been made of private terms. We note a sale of 45) head at \$4 75a\$5.

Bull's Sarsaparilla will get its equivalent; and we have heard it slily hinted that many, after hearing the divina Jenny, and finding their pocket minus from ten to twenty dollars, thought it was paying pretty dear for the white. One objection we have to Bull's Sarsaparilla, and only one—it is so exceedingly pleasant to the taste, and invigorating to the system, that, once in the habit of using it, it is equal to smoking fine regalias, chewing Langhorne's best, or drinking Walker's mint juleps—you can't quittit.—Dus. Democrat.

The above complimentary notices from the editors of the Louisville Courier and Democrat were endorsed by Geo. D. Prentice, Esq., the distinguished editor of the Louisville Journal, in the following flattering notice:
There is no doubt in the world of the greatness of Dr. Buil, and the excel ence of his Sarsaparilla. Some of the most scientific physicians in the city have applanded the Sarsaparilla, and, what is a great deal better, the million appland it too. It is having a tremendous sale. The celebrated Jayne has, from the profits of his medicine, built a granite palace in Philadelphia, seven stories high, and Dr. Bull, if he chooses, can very soon build one twice as high as that. It is, we are told, very difficult for him to walk through our streets at all, as he finds himself arrested at every step by grateful men and women, many of whom have traveled from great distances to look upon their benefactor, and to bless him for their wonderful restoration to health. The Doctor, with all his extraordinary merit, is naturally very modest and retiring; yet we trust that the eastern cities will, in justice to themselves, give a fitting reception to the distinguished man who has made as glorious a campaign against human diseases as Gen. Scott made against the Mexicans.

John Bull's Sarsaparilla is one of the greatest (emale medicines now in existence. In these numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and de ficient, or are profuse and overwrought, when the face is pale and colorless, the strength feeble and yielding, the spirit troubled and depressed, the health broken, mind shaken, and consequently the happiness destroyed—then Bull's Sarsaparilla is a sovereign remedy. It assists nature in the performance of her duty, braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness,—were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists, health would take the place of disease, the rosy check would succeed the palid face; we should have smiles instead of tears, and perhaps a happy long life instead of one cut short by disease, or made miserable by continued suffering and affliction. At that critical period termed the "turn of life," which is often attended with so much danger, Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching this fact, and avail themselves of this yaupable effect. All ladies approaching this crisis should be ap prised of this fact, and avail themselves of this valuable

A BEAUTIFUL CLEAR SKIN.

THE TOBACCO PLANTERS OF THE WESTERN STATES.

THE undersigned, Inspectors of Tobacco at Todd's Tobacco Warehouse, Louisville, Kentucky, teturn their sincese thanks for the very liberal and extensive patronage they have received, and deem it important to report the facts in relation to the growing importance of Louisville as a tobacco market.

In the past year, ending last day of October, there have been sold at Todd's Warehouse alone 10,200 hhds, and about 1,100 at other houses, making in the aggregate 11,300 hhds against 7,155 hhds, at prices comparing favorably with the best markets in the United States. In the last five years, and since the undersigned have been engaged in the business, the receipts and sales have increased double at least, and will no doubt continue to increase in quantity of tobacco and stability of prices.

The advantages in sending to this market are as fillows: First, the low rate of cost to the planter being but seventy cents per hogshead. Second, all tobacco is sold at auction to the highest bidder for cash, the planter having the privilege to refuse the price at which his tobacco was struck off, andshood it for an advance in the market without additional expense. Third, all persons wishing to send their tobacco to this market can consign to us and we will receive the same, pay the cost of transportation, &c., make sales, and remit proceeds according to instructions.

portation, &c., make sales, and remit proceeds according to instructions.

We will further state that competition with buyers for We will further state that competition with buyers for manufacturing, shipping, and stemming is increasing fully in proportion to the receipts of tobacco in this market, and the great increased demand for manufacturing purposes in this city, and we may say that the manufacturers of Cincinnati, Covington, Pittsburg, and all the towns and cities bordering on the lakes also depend on this market for their supplies, will always secure to the planter the highest price for his tobacco; the demand for manufacturing tobacco alone is equal to at least 8,000 shids, independent of shipping and other qualities for European markets.

The undersigned flatter themselves that they are well known to planters generally with whom they have been in connexion for several years. Hoping a continuance of the patronage heretofore extended to them, they promise the same exertions to give satisfaction that has heretofore quanimously and generously been awarded to them by the planters.

How we all admire a clear, beautiful, white skin, and a rosy colored cheek. How often do we see persons, not possessing this "desideratum so devoutly to be wished," resorting to cosmetics, lotions, washes, paints, and coloring materials, to restore to them a semblance of what disease has deprived them of, and that, too. with great injury to the skin. Bull's Saraaparilla is the best cosmetic known. It beautifies the skin by removing and freshness of what counternance to the bloom and freshness of youth. Ladies, abandon the use of paints and mixtures, and use Bull's Saraaparilla, the only effectual remedy for the ladies.

To the lils that flesh is heir to, to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal, and the sake of humanity, we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a trial, after reading, and recollecting, at the tenth part of the number of certificates of astounary voluntarily showered on Dr. Bull's Sarsaparilla. cord of history or medical writing can dare pretend equality in cures.

We invite a vestigation—come witness for yourselves seeing is believing. No humbug: a seeing. The kanfe, vitriol, or caustic were never intended for the eye, nor can it ever remove disease therefrom. Let disease strike the system where it may, it immediately locates in the stomach, and is nourished and grows there, and if ever removed, is done by operating with a proper medicine, and through the stomach, and through that alone, it learn by the immediate, healthy and please at operating of my medicine on the stomach, that every branch of tife is put in motion there, and from there through their proper channel find their way to every nerve throughout the ettire system, and as life again returns to the nerve of per chainterinated in way to every nerve throughout in settire system, and as life again returns to the nerve the eye, alland every disease, called or known by wh name you please, leaves as snow before the Jun, till it sight occomes as perfect as age permits. So old sore as all chronic diseases, pains or aches are healed alon through the stomach. through the stomach. Among the numerous afflictincases which I now have under successful treatment, several can be witnessed which have baffled the skill of the mineral practice, although administered by the mospopular, successful and extensive practitioners.

IT is often asked, how can a medicine so simple i It is often asked, how can a medicine so simple in its nature perform such wonderful cures? We answer, this Tructure is composed entirely of vegetables from nature's garden, which give strength and tone to the stomach—creating a healthy appetite, which the patient is at liberty to indulge, then it is life finds its way to every member throughout the entire system. The liver then, whose functions are vital and of every importance to the system, commences its healthy operations, which are: first, to clean itself; next, it opens the pores, throws off all impurity of blood and food, clears off that gloom and wretched feeling which ever attends a morbid liver. The bowels now become regulated, and healthy action takes place—every nerve receiving its wonded life; the whole system is invigorated, rendering life truly desirable and comfortable.
